Assessment Requirements for AHCPHT301 Carry out a crop regulation program

Release: 1

Assessment Requirements for AHCPHT301 Carry out a crop regulation program

Modification History

Release	TP Version	Comment
1	AHC v1.1	Initial release

Performance Evidence

The candidate must demonstrate evidence of their ability to satisfy holistically all of the requirements of unit. Performance should be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- assess the effects on plant growth, habit and production levels of thinning and pruning operations
- co-ordinate work groups
- prepare for crop regulation activities
- carry-out crop thinning procedures as required
- use a range of methods to achieve crop regulation goals
- record or report activities
- store and maintain equipment and materials

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of crop regulation
 - effects on plant growth, habit and production levels of thinning and pruning operations in relation to the market goals of the enterprise
 - enterprise quality procedures and characteristics of a crop relative to varying market requirements
 - environmental impacts of crop regulation and disposal of waste
 - principles of thinning and pruning and the methods used to achieve crop regulation goals
 - safe work procedures for use of machinery and equipment
 - types of crop regulation materials
 -

Assessment Conditions

Assessors must satisfy current standards for RTOs.
