Assessment Requirements for AHCPHT413 Oversee vineyard practices

Release: 1

Assessment Requirements for AHCPHT413 Oversee vineyard practices

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has overseen vineyard practices on at least one occasion, and has:

- recognised wine grape varieties and cultivars
- determined maintenance requirements for the vineyard
- planned and programmed vineyard practices
- applied relevant workplace health and safety and environmental and biosecurity legislation, regulations and workplace procedures
- documented and communicated the vineyard growing program
- maintained daily workplace records
- overseen the implementation of vineyard practices
- monitored and reviewed the vineyard growing program
- determined and organised work schedules.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices for overseeing vineyard practices, including:
 - irrigation systems operation
 - plant nutrition practices
 - safe operating practices
 - supervision and team building
 - trellis and harvesting systems
 - vineyard practices and growing systems for grape varieties and cultivars
 - weed, pest and disease control practices

- wine grape varieties and cultivars
- workplace health and safety and environmental and biosecurity legislation, regulations and workplace procedures relevant to overseeing vineyard practices.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - industry publications and internet sources of information relevant to overseeing vineyard practices
- specifications:
 - workplace health and safety and environmental and biosecurity legislation, regulations and workplace procedures relevant to overseeing vineyard practices
- relationships:
 - staff
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
