Assessment Requirements for AHCPHT508 Develop a grape production plan

Release: 1

Assessment Requirements for AHCPHT508 Develop a grape production plan

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 4.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit. There must be evidence that the individual has developed a grape production plan on at least one occasion and has:

- researched, evaluated and recorded relevant information
- calculated production costs, including:
 - staff
 - resources
 - tools
 - equipment and machinery
 - logistical requirements required for production
- planned and scheduled grape production activities
- planned and scheduled marketing
- communicated and negotiated with the client
- documented plans, specifications and production work procedures
- prepared reports for staff, managers, clients and contractors
- produced a site plan which can be readily understood by on-site personnel.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- trends and issues of the Australian viticulture industry
- principles and practices for developing a grape production plan, including:
 - establishment and management of grape production in relation to client specifications and the standards required by the marketplace
 - environmental growing conditions and sustainable land use strategies
 - establishment procedures, grape variety selection and cultural practices for grape production

- processes and techniques for preparing, costing and documenting plans for grape production and scheduling grape production
- the role of business and marketing plans and client consultation processes in planning grape production
- regulations and legislation relevant to grape production.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represent workplace conditions
- resources, equipment and materials:
 - industry publications and internet sources of information relevant to the development of a grape production plan
 - marketing strategy
- specifications:
 - market specifications
 - regulations and legislation relevant to grape production
- relationships:
 - customers
- timeframes:
 - according to the job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
