Assessment Requirements for AHCPLY301 Artificially inseminate poultry

Release: 1

Assessment Requirements for AHCPLY301 Artificially inseminate poultry

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- prepare for artificial insemination of poultry
- apply personal hygiene
- carry out semen collection
- carry out artificial insemination of birds
- complete hygiene and administration activities
- implement biosecurity procedures
- implement animal welfare requirements
- follow enterprise work health and safety policies
- implement enterprise hygiene standards and environmental policy

Knowledge Evidence

The candidate must demonstrate knowledge of:

- resource and manpower requirements, biosecurity requirements, industry standards, codes of practice and procedures for artificial insemination of poultry
- relevant animal welfare practices for the conduct of artificial insemination in poultry
- relevant work health and safety requirements
- collection, handling, storage and use of poultry semen for artificial insemination
- preparation of birds for collection of semen and insemination
- handling, dilution and insemination of poultry
- types, uses, maintenance and storage of equipment
- methods and procedures for cleaning and sterilisation of equipment used for artificial insemination
- procedures for handling, measurement and usage of cleaning chemicals, disinfectants and sanitisers

- relevant documentation and records that are required
- relevant environmental and sustainability requirements, and procedures for disposal and management of wastes and debris
- requirements and procedures for cleaning and maintaining work areas

Assessment Conditions

Competency is to be assessed in the workplace or workplace and simulated environment that accurately reflects performance in a real workplace setting.

Assessors must satisfy current standards for RTOs.
