AHCSDP401 Plan a seed crop establishment program

Release: 1

AHCSDP401 Plan a seed crop establishment program

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Application

This unit of competency describes the skills and knowledge required to plan a seed crop establishment program. It applies to workers on properties where commercial seed production is undertaken.

It applies to individuals who analyse information and exercise judgement to complete a range of advanced skilled activities and demonstrate deep knowledge in a specific technical area. They have accountability for the work of others and analyse, design and communicate solutions to a range of complex problems. All work is carried out to comply with workplace procedures.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

Nil.

Unit Sector

Seed production (SPD)

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Determine requirements of the seed crop establishment program	1.1 Determine paddock suitability for a seed crop from its history 1.2 Identify species and cultivars that meet production needs, cost the required quantity and confirm availability with suppliers 1.3 Determine crop establishment procedures 1.4 Plan post-planting care according to production needs, enterprise standards and site capabilities

Element	Performance criteria
	1.5 Identify and plan for plant germination and nutrient requirements taking account of soil characteristics 1.6 Cost resources, equipment and machinery required for planting and post-planting care and confirm availability 1.7 Identify work health and safety hazards associated with the crop establishment program, assess risks and develop controls
2. Prepare and document the seed crop establishment program	2.1 Prepare plans based on the crop establishment program and production requirements 2.2 Produce plan which can be readily understood by personnel 2.3 Develop and communicate procedures and schedules for the planting and post-planting care 2.4 Plan for contingencies and identify alternative strategies

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

This unit is equivalent to AHCSDP401A Plan a seed crop establishment program.
