Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- prepare an audit plan and strategy for a seed testing laboratory audit
- gather data and information by a variety of methods
- undertake an internal audit in a seed testing laboratory
- prepare an audit report for management review
- develop a continuous improvement report with suggested corrective actions

Knowledge Evidence

The candidate must demonstrate knowledge of:

- auditing methods and techniques
- enterprise standard operating procedures (SOPs)
- relevant legislation affecting business operation
- seed testing techniques, equipment and methodologies
- the role of the International Seed Testing Association (ISTA) and the ISTA Rules for Seed Testing

Assessment Conditions

Assessors must satisfy current standards for RTOs.
