Assessment Requirements for AHCSOL301

Prepare growing media

Release: 1

Assessment Requirements for AHCSOL301 Prepare growing media

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- collect and analyse data
- confirm specifications of growing media
- interpret chemical labels
- prepare growing media
- store growing media

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for preparing growing media
 - alternative methods of incorporating ingredients into a growing media
 - hygiene in the preparation and storage of the media
 - ingredients used in the preparation of growing media
 - physical, chemical and biological characteristics required of the media
 - plant nutrition
 - properties of the various ingredients used in the preparation of the growing media
 - requirements of a growing media
 - volume and weight determination

Assessment Conditions

Assessors must satisfy current standards for RTOs.
