Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 9.0.

Description

This skill set provides the basic skills and knowledge of permaculture systems and their support, including the use of basic hand tools and equipment.

Pathways Information

These units of competency can provide credit towards a range of qualifications and/or build on the skills and knowledge of previous qualifications attained from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- AHCPER106 Observe permaculture principles and work practices
- AHCPER107 Support resource conservation practices
- AHCPER108 Support plant care in a permaculture system
- AHCPER222 Use and maintain basic hand tools and equipment for garden and farm

Target Group

This skill set is for new entrants into the permaculture community who may support an existing permaculture system or plan to develop further skills in permaculture.

Suggested words for Statement of Attainment

These competencies from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package meet the industry requirements for basic skills and knowledge for permaculture systems.
