Assessment Requirements for AHCTHH401 Develop a therapeutic horticulture design brief

Release: 1

Assessment Requirements for AHCTHH401 Develop a therapeutic horticulture design brief

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has developed a therapeutic horticulture (TH) design brief on at least one occasion, and has:

- researched, interpreted and applied information relevant to TH principles and practices
- consulted with clients
- conducted risk assessment
- interpreted and applied local council, legislative and regulatory requirements relevant to TH design
- assessed site
- documented and presented TH design brief.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- local council, legislative and regulatory requirements relevant to TH design
- principles and practices of TH, including:
 - sources of information and resources relevant to TH principles and practices
 - health and wellbeing benefits of TH
 - TH activities relevant to individual and stakeholder groups
 - communication strategies to promote TH
 - interpreting client project requirements
 - client consultation strategies
 - risk assessment
 - site assessment techniques
 - project timelines, scope and reports.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - site plans, client brief
 - software and hardware to source and document information
- specifications:
 - local council, legislative and regulatory requirements applicable to TH design
- relationships:
 - clients
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
