Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- determine the condition of the existing surface with advice from senior greenkeepers for subsequent routine preparations, treatments and turf cultural practices
- prepare a turf surface or sports playing field according to the rules of the game
- use turf surface preparation machinery and equipment safely according to manufacturer's specifications to achieve the desired playing surface outcome

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of turf preparation for play
 - competition playing requirements affecting preparation of the turf surface
 - effect of adverse outdoor climatic conditions
 - effective and safe use of tools and machinery
 - high performance uses of turf surfaces
 - irrigation and drainage system design and operational techniques
 - potential public nature of turf renovation work sites
 - purpose of turf surface preparation in maintaining turf presentation
 - various requirements of turf species and their cultural requirements

Assessment Conditions

Assessors must satisfy current standards for RTOs.
