Assessment Requirements for AHCWOL207 Carry out wool pressing

Release: 1

Assessment Requirements for AHCWOL207 Carry out wool pressing

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has operated one wool press under supervision and conducted the following on two occasions:

- operated scales and manual handling devices under supervision
- maintained uniform bale weights for each line
- branded bales clearly and accurately
- handled wool bales efficiently and without risk to self, other people or machinery
- recorded bale information correctly and legibly for the use of Wool Classer and grower/manager at the time of pressing each bale.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- types of contamination in fleece and their sources, including:
 - urine stain
 - pigmented and medullated fibres and other animal fibres
 - baling twine
 - fertiliser bags
- the requirements of industry code of practice as it relates to wool pressing
- methods of handling wool and bales that minimise risk to own health, including safe lifting and bending techniques
- features of industry standards for weight, length of bales, fastening methods and type of pack
- safety features of personal protective equipment (PPE), and when and how it should be used
- industry standards for bale branding

- features of the recording system for bale details in use in the organisation
- work health and safety (WHS) policies suitable with the job role
- teamwork principles, including:
 - working towards a common goal
 - communicating effectively and cooperatively
 - respecting others' needs
 - embracing diversity.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - equipment and materials appropriate for wool pressing
- relationships:
 - supervisor
 - wool harvesting team members.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
