Assessment Requirements for AHCWOL411 Document a wool clip

Release: 1

Assessment Requirements for AHCWOL411 Document a wool clip

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has documented wool clips with the use of digital consignment, specification and the industry wool declaration on at least one occasion for each of the following:

- fine/superfine merino
- medium/strong merino
- crossbred.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- features of relevant industry quality standards and codes of practice, including the Code of Practice for the Preparation of Australian Wool Clips and National Wool Declaration (NWD)
- identification of classed wool
- mob identification and medullated fibre risk identification
- grower obligations and declaration
- requirements for the completion of a digital wool clip specification
- consignment note features – premiums and discounts for wool characteristics
- pressing and branding requirements
- skirting technique supervision
- Wool Classer's wage statements and employment conditions for a range of workers in a wool harvesting team
- documentation requirements using available technology for wool clip preparation and shearing operations, including:
- tally books

- wool books
- Wool Classer's specifications
- consignment note
- bale traceability requirements, including:
- digital wool clip documentation
- individual/unique bale numbering and bale labels
- property identification code (PIC)
- requirements of work health and safety (WHS) and biosecurity standards, codes of practice and policies.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - equipment and materials appropriate to document a wool clip
- relationships:
 - wool harvesting team
 - owner/manager
 - wool selling representative broker or buyer.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Assessors must currently be registered with the Australian Wool Exchange as Australian Wool Classers.
