Assessment Requirements for AHCWRK206 Observe enterprise quality assurance procedures

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- apply basic quality assurance practices
- follow work instructions
- check quality of work
- identify and report quality issues
- keep records
- use industry standard terminology.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- production processes in the context of own work
- HACCP (Hazard Analysis Critical Control Point) approach to Quality Assurance (QA)
- enterprise QA policies, guidelines and standard operating procedures relating to work being undertaken and at a level that reflects the level of responsibility.

Assessment Conditions

Assessors must satisfy current standards for RTOs.
