Assessment Requirements for AHCWRK210 Observe and report on weather

Release: 1

Assessment Requirements for AHCWRK210 Observe and report on weather

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has observed and reported on weather on at least two occasions and has:

- identified job requirements and selected weather equipment
- identified workplace health and safety hazards and risks and reported to supervisor
- related weather forecasts to impact on current operations and activities
- monitored physical signs of weather in the context of available information
- communicated information on weather and situations that may be impacted.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- work requirements applicable to health and safety in the workplace for weather and climate observation
- effects of weather, including:
 - wind and rain
 - wind chill
 - prolonged dry periods
 - extreme heat
 - exposure to the elements
- workplace procedures for monitoring, recording and reporting weather and climate conditions
- weather and climate condition impact upon work activities.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - weather observation and reporting equipment
 - weather and climate information
- specifications:
 - workplace procedures relevant to observing and reporting on weather
- relationships:
 - supervisor.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
