Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA

ELEMENT	PERFORMANCE CRITERIA
1. Prepare materials, tools and equipment for intensive livestock work	1.1. The required materials, tools and equipment are identified according to lists provided and/or supervisor's instructions. 1.2. Checks are conducted on all materials, tools and equipment with insufficient or faulty items reported to the supervisor. 1.3. Techniques used when loading and unloading materials demonstrate correct manual handling and minimise damage to the load and the vehicle. 1.4. Suitable Personal Protective Equipment (PPE) is selected and checked prior to use. 1.5. Work support is provided according to Occupational Health and Safety (OHS) requirements and according to workplace information. 1.6. OHS hazards are identified and reported to the supervisor.
2. Undertake intensive livestock work as directed	2.1. Instructions and directions provided by supervisor are followed and clarification sought when necessary. 2.2. Work is undertaken in a safe and environmentally appropriate manner according to enterprise guidelines. 2.3. Interactions with other staff and customers are carried out in a positive and professional manner. 2.4. Enterprise policy and procedures in relation to workplace practices, handling and disposal of materials is observed. 2.5. Problems or difficulties in completing work to required standards or timelines are reported to supervisor.
3. Handle materials and equipment	3.1. Waste material produced during work is stored in a designated area according to supervisor's instructions. 3.2. Materials, equipment and machinery are handled and transported according to supervisor's instructions and enterprise guidelines. 3.3. A clean and safe work site is maintained while working.
4. Clean up on completion of work	4.1. Materials are returned to store or disposed of according to supervisor's instructions. 4.2. Tools and equipment are cleaned, maintained and stored according to manufacturer's specifications and

ELEMENT	PERFORMANCE CRITERIA
	supervisor's instructions. 4.3. Work outcomes are reported to the supervisor.

Required Skills and Knowledge

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit.

Required skills

- follow safe work procedures
- prepare materials, tools and equipment for work
- undertake work as directed
- handle materials and equipment
- clean up on completion of work
- use literacy skills to read and follow a range of basic instructions
- use oral communication skills/language competence to communicate effectively with others
- use numeracy skills to complete basic calculations
- use interpersonal skills to work with and relate to people from a range of cultural, social and religious backgrounds.

Required knowledge

- safe work practices
- animal handling techniques including animal welfare
- tools and equipment
- repair and maintenance of buildings, fixtures or fittings
- OHS, animal welfare and environmental protection legislation and enterprise procedures.

Evidence Guide

EVIDENCE GUIDE	
The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.	
Overview of assessment	
Critical aspects for assessment and evidence required to demonstrate competency in this unit	The evidence required to demonstrate competency in this unit must be relevant to workplace operations and satisfy holistically all of the requirements of the performance criteria and required skills and knowledge and include achievement of the following: • apply safe animal handling techniques • use livestock handling tools and equipment • repair and maintain features • apply basic animal husbandry techniques.
Context of and specific resources for assessment	Competency requires the application of work practices under work conditions. Selection and use of resources for some worksites may differ due to the regional or enterprise circumstances.

Range Statement

RANGE STATEMENT	
The range statement relates to the unit of competency as a whole.	
Work tasks may include:	• regular checking of feed and water supplies for animals and/or birds • mixing and milling standard stockfeed • disposing of deceased animals • loading and unloading animals for transport • carrying out routine maintenance on buildings, cages/pens • cleaning sheds, fixtures and fittings.
Tools and equipment may include:	• knives • spades • forks • rakes

RANGE STATEMENT	
	• hoes • spray equipment • augers • buckets • brooms • wheelbarrows • hoses and hose fittings.
Hazards may include:	• solar radiation • dust • noise • air- and soil-borne micro-organisms • chemicals and hazardous substances • sharp hand tools and equipment • manual handling • holes • slippery and uneven surfaces.
