AMP60121 Advanced Diploma of Meat Processing

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 6.0.

Qualification Description

The qualification reflects the role of individuals who are in middle to senior management positions with responsibility for strategic leadership and management of significant areas or departments in meat enterprises that process meat and produce meat products for domestic and export markets.

No licensing, legislative or certification requirements are known to apply to this qualification at the time of publication.

Entry Requirements

Entry into this qualification is open to an individual who can demonstrate the skills and knowledge and to:

- have completed the following units of competency prior to commencement of this qualification:
  - AMPCOR401 Manage own work performance
  - AMPCOR402 Facilitate Quality Assurance process
  - AMPCOR403 Participate in workplace health and safety risk control process
  - AMPCOR404 Facilitate hygiene and sanitation performance

Or

- may have acquired the skills and knowledge through industry experience or through the completion of a Certificate IV Meat Processing qualification or equivalent.

Packaging Rules

To achieve this qualification, competency must be demonstrated in 6 units of competency.

The units are to be chosen as follows:

- At least 4 units from the electives listed below, of which at least 2 units must be coded AMP
- 2 additional units from the electives listed below, or any other endorsed Training Package or accredited course.

Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome.
