AMPA2020 Remove and record tag

Release: 1

AMPA2020 Remove and record tag

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to remove, dispose of and record stock identification tags.

This unit is applicable to workers processing carcasses.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Assessment Requirements for AMPA2020 Remove and record tag

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must remove, dispose of and record stock identification tags.

The candidate must:

- follow work instructions for the removal of tags
- record tags accurately
- apply relevant workplace health and safety requirements
- use communication skills as appropriate to the task

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- the function and importance of tags
- the importance of maintaining correlation between carcase and tags
- the need for correct disposal of tags
- the regulations with regard to tags
- the relationship between tags and residue testing

Assessment Conditions

Assessment must be conducted in an operating abattoir.

Competency must be demonstrated at chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
