AMPA2027 Operate rise and fall platform

Release: 1

AMPA2027 Operate rise and fall platform

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to operate a rise and fall platform.

The unit is applicable to workers in abattoirs, boning rooms and knackereries.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Assessment Requirements for AMPA2027 Operate rise and fall platform

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate a rise and fall platform.

The candidate must:

- operate a rise and fall platform in accordance with work instructions and workplace health and safety requirements for a nominated task
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- relevant regulatory requirements
- workplace requirements for the operation of a rise and fall platform
- basic operating principles of the rise and fall platform
- workplace health and safety requirements related to the operation of a rise and fall platform

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at chain speed while performing a task at a work station that utilises a rise and fall platform.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
