Assessment Requirements for AMPA2031 Operate circular saw

Release: 1

Assessment Requirements for AMPA2031 Operate circular saw

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate and maintain a circular saw to perform a task such as cutting horns.

The candidate must:

- operate the circular saw to workplace requirements at a work station
- demonstrate safe use of a circular saw in accordance with workplace health and safety requirements
- demonstrate maintenance and sterilisation of circular saw
- demonstrate procedures for disposal of off-cuts
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- operation of a circular saw
- maintenance and sterilisation processes for circular saw
- procedures for disposal of off-cuts
- possible sources of contamination to the product
- maintenance requirements for circular saw
- workplace health and safety issues associated with operating a circular saw
- work instruction for the task to be performed
- relevant regulatory requirements

Assessment Conditions

Assessment must be carried out in an operating meat processing plant.

Competency must be demonstrated at normal production speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration

- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
