Assessment Requirements for AMPA2032 Prepare carcase and equipment for hide or pelt puller

Release: 1

Assessment Requirements for AMPA2032 Prepare carcase and equipment for hide or pelt puller

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must secure hides and pelts to the puller, dispose of hides and pelts and store the belts and chains.

The candidate must:

- demonstrate the preparation of the carcase and equipment for the operation of removal of the hide and/or pelt
- store and maintain pelts and chains according to work instructions
- locate emergency switches
- keep work area neat and tidy
- follow work instructions
- perform duties in accordance with workplace health and safety requirements
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- how hide and/or pelt puller works
- emergency switches procedures
- possible sources of contamination to carcase
- consequences of incorrect clearance of hide or pelt
- ways of minimising contamination hazards
- relevant regulatory requirements
- disposal arrangements for hides and pelts
- workplace health and safety hazards associated with working with and around the hide and/or pelt puller

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
