AMPA2046 Trim hindquarter to specification

Release: 1

AMPA2046 Trim hindquarter to specification

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to trim the hindquarter of the carcase to specification.

This unit is applicable to workers employed to trim carcasses in abattoirs, boning rooms and game processing establishment.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

AMPX209 Sharpen knives

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Trim hindquarter of carcase	1.1 Trim hindquarter to specification according to workplace requirements 1.2 Trim hindquarter to specification according to workplace health and safety requirements 1.3 Report types and sources of contamination and

Element	Performance criteria
	cross-contamination according to workplace requirements 1.4 Dispose of trimmings according to workplace requirements

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

This unit is equivalent to MTMP2053C Trim hindquarter to specification.

Assessment Requirements for AMPA2046 Trim hindquarter to specification

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must trim the hindquarter of the carcase to specification.

The candidate must:

- trim hindquarter to hygiene and sanitation requirements
- trim hindquarter to workplace health and safety requirements
- trim hindquarter to specification according to work instructions
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- specifications for trimming hindquarter
- steps in trimming hindquarter to specification
- hygiene and sanitation requirements for trimming hindquarter
- workplace health and safety requirements for trimming hindquarter
- relevant regulatory requirements
- sources of contamination and cross-contamination

Assessment Conditions

Assessment must be carried out in an operating meat processing plant.

Competency must be demonstrated at production speed over a period of time.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
