Assessment Requirements for AMPA2050 Operate jaw breaker

Release: 1

Assessment Requirements for AMPA2050 Operate jaw breaker

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate a mechanical jaw breaker.

The candidate must:

- identify potential workplace health and safety hazards
- operate the equipment to break jaws according to all workplace requirements
- store heads correctly prior to boning
- apply relevant regulatory requirements
- use communication skills appropriate to the task

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- potential sources of contamination and cross-contamination
- methods of minimising contamination and cross-contamination
- workplace health and safety requirements for operating the equipment
- work instructions for operating a jaw breaker
- relevant regulatory requirements
- Personal Protective Equipment (PPE) requirements of this job

Assessment Conditions

Assessment must be conducted in an operating meat processing plant.

Competency must be demonstrated at normal production speeds.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
