Assessment Requirements for AMPA2061

Weigh carcase

Release: 1

Assessment Requirements for AMPA2061 Weigh carcase

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must weigh a carcase.

The candidate must:

- weigh carcasses and accurately complete scales records
- demonstrate the correct scale check procedure
- report equipment faults to supervisor
- record and report recorded weights information
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- concept of tare
- regulatory requirements of checking scales and weighing carcasses
- scale problems that can be encountered and the action required to maintain weighing standards
- possible problems for the scales operation and the appropriate corrective action
- weights recording process and where applicable the reporting process on the information gathered
- workplace health and safety requirements in relation to weighing process

Assessment Conditions

Assessment must occur in the workplace under normal working conditions.

Competency must be demonstrated under normal production conditions.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
