Assessment Requirements for AMPA2072 Operate carton sealing machine

Release: 1

Assessment Requirements for AMPA2072 Operate carton sealing machine

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate carton sealing machines such as carton gluing machines and heat shrink wrap machines.

The candidate must:

- operate the carton sealing machine in accordance with manufacturer's specifications and workplace requirements
- operate the carton sealing machine in accordance with workplace health and safety requirements
- re-load the carton sealing machine with consumables
- report equipment faults to supervisor
- apply relevant regulatory requirements
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- workplace health and safety requirements related to sealing cartons
- operation of the carton sealing machine
- work instructions related to sealing cartons
- relevant regulatory requirements

Assessment Conditions

Assessment must occur in a meat processing or wholesaling operation.

Competency must be demonstrated at normal production speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
