Assessment Requirements for AMPA2073

Operate carton scales

Release: 1

Assessment Requirements for AMPA2073 Operate carton scales

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must weigh carton meat, record carton details and check the meat cuts against the product description on the carton in accordance with workplace requirements.

The candidate must:

- weigh cartons accurately
- check carton contents against product description
- accurately complete scales records
- use correct scale check procedure
- identify specific scales problems and specify the action required to maintain weighing standards
- report equipment faults to supervisor
- apply relevant workplace health and safety requirements
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- consequences of incorrect operation of scales
- enterprise and regulatory requirements for operating and testing scales
- relevant workplace health and safety requirements

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
