Assessment Requirements for AMPA2087 Process thin skirts

Release: 1

Assessment Requirements for AMPA2087 Process thin skirts

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must recover thin skirts as part of an offal room operation.

The candidate must:

- identify and explain the steps in processing thin skirts
- skin and trim skirts to workplace requirements and at production speed
- place trim in appropriate bin or chute according to workplace requirements
- identify and report defects in cutting lines according to workplace requirements
- apply relevant regulatory requirements
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- hygiene and sanitation requirements
- workplace health and safety requirements
- relevant regulatory requirements
- steps involved in processing thin skirts

Assessment Conditions

Assessment must be conducted in a registered operating meat processing plant.

Competency must be demonstrated at the normal rate of production.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
