AMPA2101 Prepare and trim honeycomb

Release: 1

AMPA2101 Prepare and trim honeycomb

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to trim honeycomb and prepare it for further processing.

This unit is applicable to tripe room operations where honeycomb is recovered.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

AMPX209 Sharpen knives

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Trim honeycomb	1.1 Identify and trim defects in honeycomb 1.2 Trim honeycomb according to workplace requirements 1.3 Trim honeycomb according to workplace health and safety requirements 1.4 Put trim in appropriate bin or chute according to workplace requirements

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

This unit is equivalent to MTMP2121C Prepare and trim honeycomb

Assessment Requirements for AMPA2101 Prepare and trim honeycomb

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must trim honeycomb and prepare it for further processing.

The candidate must:

- trim honeycomb and remove defects to specifications, workplace, workplace health and safety, and hygiene and sanitation requirements
- identify sources of contamination
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- steps in tripe processing
- impact of inadequately trimmed product being packed
- relevant regulatory requirements
- sources of contamination
- honeycomb and trim specifications

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
