Assessment Requirements for AMPA2112 Complete re-pack operation

Release: 1

Assessment Requirements for AMPA2112 Complete re-pack operation

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must re-pack carton meat products after the carton is damaged.

The candidate must:

- identify carton defects
- identify cartons to be re-packed
- re-pack cartons in accordance with workplace requirements
- generate new labels for re-pack
- complete all necessary documentation correctly
- identify possible types and sources of contamination and cross-contamination and explain preventative measures
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- consequences of incorrect re-pack procedure
- documentation requirements for re-pack operations
- re-pack procedures

Assessment Conditions

Assessment must be conducted in a registered operating meat processing plant.

Competency must be demonstrated at the normal rate of production.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
