AMPA2163 Break down and bone carcass for pet meat or rendering

Release: 1

AMPA2163 Break down and bone carcase for pet meat or rendering

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to break down and bone a carcase for further processing of the meat for pet meat or rendering.

This unit is applicable to workers employed at abattoirs, knackeries, game meat processing establishments and rendering plants.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

AMPX209 Sharpen knives

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Break down condemned carcase	1.1 Break down carcase down in accordance with workplace and regulatory requirements 1.2 Identify and meet workplace health and safety requirements
2. Bone carcase	2.1 Bone meat to maximise yield

Element	Performance criteria
	2.2 Bone meat in accordance with work instructions and regulatory requirements 2.3 Identify and comply with workplace health and safety requirements 2.4 Dispose of meat cuts, trimmings and bones in accordance with workplace requirements

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

This unit is equivalent to MTMP2187C Break down and bone carcase for pet meat or rendering.

Assessment Requirements for AMPA2163 Break down and bone carcase for pet meat or rendering

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must break down and bone a carcase for further processing of the meat for pet meat or rendering.

The candidate must:

- break down and bone carcase in accordance with work instructions
- trim according to workplace specifications
- comply with workplace health and safety, and regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- regulatory requirements
- requirements for further processing
- workplace health and safety hazards and requirements

Assessment Conditions

Competency must be demonstrated at normal chain speed.

Assessment must occur in the workplace under normal production conditions.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
