AMPA2163 Break down and bone carcass for pet meat or rendering

Release: 1

AMPA2163 Break down and bone carcase for pet meat or rendering

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to break down and bone a carcase for further processing of the meat for pet meat or rendering.

This unit is applicable to workers employed at abattoirs, knackeries, game meat processing establishments and rendering plants.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

AMPX209 Sharpen knives

Unit Sector
