Modification History

Release	TP Version	Comment
2	AMP v2.1	New release to correct prerequisite requirements
1	AMPv2.0	Initial release

Performance Evidence

The candidate must perform the 'Y' cut on sheep and goat slaughter floors.

The candidate must:

- demonstrate correct cutting lines
- open the pelt in accordance with the work instruction and at production speed
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- apply relevant workplace health and safety, regulatory and workplace requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- equipment sterilisation requirements
- general economic impact of nicked, soiled or damaged hide or pelt and scored meat
- relevant work instructions for opening the foreleg and the brisket area
- relevant workplace health and safety, regulatory and workplace requirements
- general anatomy of carcase relevant to the task

Assessment Conditions

Assessment must occur in an operating meat processing plant.

Competency must be demonstrated under normal production conditions at the usual speed of production and according to workplace requirements.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
