Assessment Requirements for AMPA3032

Remove pelt manually

Release: 1

Assessment Requirements for AMPA3032 Remove pelt manually

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must remove a pelt or exterior covering manually without a mechanical aid.

The candidate must:

- remove the pelt cleanly and in accordance with work instructions
- apply relevant workplace health and safety and regulatory requirements
- work cleanly and avoid the risks of contamination to the carcase
- apply relevant communication skills

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- procedure for trimming of contaminants
- potential for contamination and cross-contamination
- relevant workplace health and safety and regulatory requirements
- work instructions

Assessment Conditions

Competency must be demonstrated at the normal chain speed.

Assessment must be conducted in an operating processing plant.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
