Assessment Requirements for AMPA3033 Bed dress carcass

Release: 1

Assessment Requirements for AMPA3033 Bed dress carcase

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must bed dress cattle, deer or buffalo.

The candidate must:

- position carcase correctly in the cradle
- remove hide without damage to hide or carcase
- bed dress carcase according to work instructions
- work with bed dressing partner to remove hide smoothly and safely (where applicable)
- apply relevant workplace health and safety and regulatory requirements
- operate, clean and maintain equipment according to workplace requirements
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- general economic impact of nicked, soiled or damaged hide and scored meat
- importance of correctly placing carcase in cradle
- relevant work instructions
- relevant workplace health and safety and regulatory requirements
- general anatomy of carcase relevant to the task

Assessment Conditions

Assessment must occur in a registered meat processing plant.

Competency must be demonstrated at normal production speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
