Assessment Requirements for AMPA3043 Prepare head for inspection

Release: 1

Assessment Requirements for AMPA3043 Prepare head for inspection

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must prepare a head for inspection by exposing the required glands and lymph nodes.

The candidate must:

- prepare head for inspection in accordance with work instructions and regulatory requirements
- identify contamination and take appropriate action
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- basic anatomy associated with the location of glands and lymph nodes
- procedures for minimising contamination of product according to workplace requirements
- purpose of head inspection procedures

Assessment Conditions

Assessment must occur in a registered meat processing plant or facility.

Competency must be demonstrated in an operating meat processing plant or facility at normal production speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
