# **Assessment Requirements for AMPA3114 Undertake pre slaughter checks of NVDs and PICs for NLIS for sheep and goats**

Release: 1

## Assessment Requirements for AMPA3114 Undertake pre slaughter checks of NVDs and PICs for NLIS for sheep and goats

### Modification History

| Release | TP Version | Comment         |
|---------|------------|-----------------|
| 1       | AMPv2.0    | Initial release |

### Performance Evidence

The candidate must undertake a pre-slaughter check of Post Sale Summaries (PSSs), National Vendor Declarations (NVDs) and Property Identification Codes (PICs) against the mob-based National Livestock Identification System (NLIS) database to verify the PICs and confirm eligibility of stock for slaughter.

The candidate must:

- log-in to NLIS data base
- review NVDs
- check PICs against the NLIS data base
- implement response to any stock not eligible for slaughter
- conduct a PIC enquiry on the NLIS data base to check PIC
- store print outs and electronic records according to workplace requirements
- use communication skills relevant to work instructions and Standard Operating Procedures (SOPs) to interact with producers, Quality Assurance and production staff
- use negotiation skills to resolve issues such as invalid PICs and NVD issues
- use mathematical skills to verify stock arriving against number listed on NVD/PSS
- take appropriate steps to minimise workplace health and safety risks when working with livestock

### Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- the NLIS system, including the origin and nature of the system, its commercial importance, role in food safety and importing country requirements, role in traceability
- NLIS devices and their purpose and function in the NLIS
- NLIS regulatory requirements in relation to abattoirs
- the purpose and intent of NVDs
- the effect of an Livestock Producer Assurance (LPA) status
- what makes stock ineligible for slaughter
- purpose, nature of and regulations underpinning the use of PICs

- status, abbreviations and what they mean, and the required actions to be taken in response
- how to deal with problems of original location

## **Assessment Conditions**

Assessment must be conducted in the workplace.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
