Assessment Requirements for AMPA3115 Undertake pre slaughter checks of NVDs, PICs and RFIDs

Release: 1

Assessment Requirements for AMPA3115 Undertake pre slaughter checks of NVDs, PICs and RFIDs

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must undertake a pre-slaughter check of National Vendor Declarations (NVDs) and Property Identification Codes (PICs) against the National Livestock Identification System (NLIS) database and where appropriate to identify stock with an actual or potential Extended Residue Program (ERP) status.

The candidate must:

- log-in to NLIS database
- review NVDs and/or PSS
- check PICs against the NLIS database
- implement response to EW or ERP status
- review status of cattle on an abattoir's PIC
- interrogate the NLIS database to check PICs, current holdings on abattoir PIC
- store print outs and electronic records according to workplace requirements
- use communication skills relevant to work instructions and Standard Operating Procedures (SOPs) to interact with lairage, Quality Assurance and production staff
- use negotiation skills to resolve issues such as problems with original location, incomplete NVDs or Property Identification Codes (PICs)
- use mathematical skills to verify stock arriving against number listed on NVD/PSS
- take appropriate steps to minimise workplace health and safety risks when working with livestock

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- the NLIS system, including the origin and nature of the system, its commercial importance, role in food safety and importing country requirements, role in traceability
- NLIS regulatory requirements in relation to abattoirs
- NLIS devices including Radio Frequency Identification Devices (RFIDs) and boluses, and their purpose and function in the NLIS
- NLIS Database Helpline contact details

- purpose, nature of and regulations underpinning the use of PICs
- status, abbreviations and what they mean, and the required actions to be taken in response, including:
 - purpose and intent of NVDs
 - effect of an LPA status
 - nature of an Early Warning (EW) status
 - workplace response to an EW status
 - nature of an Extended Residue Program (ERP) status
 - regulatory and workplace response to an ERP status

Assessment Conditions

Assessment must be conducted in the workplace.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
