Assessment Requirements for AMPA3136

Monitor welfare of stock during out-of-hours receipt

Release: 1

Assessment Requirements for AMPA3136 Monitor welfare of stock during out-of-hours receipt

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 3.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

The individual must monitor stock during out-of-hours receipt and demonstrate each dot point at least once. The individual must demonstrate that he/she has:

- overseen the safe and humane unloading of livestock
- provided and maintained appropriate animal health and nutritional requirements
- monitored animal welfare and recognise irregularities during unloading
- responded to breaches in animal welfare according to company requirements
- assigned yards according to numbers unloaded and yard capacity
- identified sick and injured livestock
- followed segregation and reporting procedures for sick and injured animals
- arranged for the euthanising of sick and injured livestock when required
- checked and stored relevant delivery documentation including National Vendor Declarations
- reported deficiencies in documentation according to workplace requirements
- complied with work health and safety and animal welfare legislative requirements relevant to the unloading and monitoring of stock.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- documentation requirements including National Vendor Declarations
- animal basic health and nutritional requirements
- animal herding and flocking behaviour
- working dogs' uses and handling techniques (where appropriate)
- animal handling and movement methods and techniques
- animal welfare standards applicable to the loading and unloading of animals

- standard operating procedures (SOPs) and work instructions relevant to unloading stock out of hours
- work health and safety and animal welfare legislative requirements relevant to unloading stock out of hours
- lines of reporting and referral where breaches and actions outside scope of responsibility are encountered.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - an operating workplace where out-of-hours stock receipt occurs
- resources, equipment and materials:
 - truckloads of stock
 - yards and equipment required for the receipt of stock
 - required documentation
- specifications:
 - workplace documents relevant to receipt of stock out of hours
 - access to current legislation and regulations relevant to receipt of stock out of hours
- relationships:
 - truck drivers delivering stock
 - supervising Animal Welfare Officer.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
