Assessment Requirements for AMPABA302 Prepare and present viscera for inspection

Release: 1

Assessment Requirements for AMPABA302 Prepare and present viscera for inspection

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared and presented offal from at least three different carcasses for inspection to a meat safety officer, including:

- handled offal to avoid bile, ingesta, excreta or content contamination
- presented offal for inspection according to regulatory, workplace health and safety, hygiene and sanitation, workplace and regulatory requirements
- identified the organs processed on the viscera table.

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a registered meat processing premises on the slaughter floor, or wild game processing floor.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- purpose of viscera inspection
- basic anatomy associated with the viscera
- procedures for minimising contamination of product
- safe work procedures for working with, sharpening and storing knives
- correct use of personal protective equipment (PPE)
- workplace health and safety hazards and associated controls
- safe manual handling techniques for working with offal
- regulatory requirements for the presentation of offal for inspection.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in a registered meat processing premises on the slaughter floor, or wild game processing floor*
- resources, equipment and materials:
 - *real animal viscera to be prepared*
 - *cleaning and sanitising equipment according to workplace requirements*
 - *PPE worn in line with workplace requirements*
- specifications:
 - *workplace standard operating procedures and task-related documents*
- timeframes:
 - *within typical operating and production conditions for the workplace.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
