Assessment Requirements for AMPAUD401 Conduct an animal welfare audit of a meat processing premises

Release: 1

Assessment Requirements for AMPAUD401 Conduct an animal welfare audit of a meat processing premises

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has conducted at least one complete animal welfare audit at a meat processing facility, including:

- assessed the welfare of livestock at receipt and in lairage
- assessed livestock handling against requirements during unloading and handling in the lead-up to slaughter
- assessed the handling of sick/injured and uncooperative animals against workplace and regulatory requirements
- assessed effective restraint, stunning and humane slaughter of livestock
- recorded and communicated audit findings to relevant stakeholders.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- relevant voluntary industry animal welfare standards for processing establishments
- relevant codes of practice or equivalent animal welfare standards (underpinning the Acts)
- animal welfare measures relevant to the audit situation
- humane destruction and emergency slaughter arrangements
- relevant measures of animal welfare
- acceptable livestock handling techniques and measures
- impact of stress during handling on the ultimate pH and quality of meat
- workplace health and safety requirements for handling stock
- regulatory and workplace requirements for animal welfare
- regulatory requirements when dealing with sick and injured animals
- requirements for contingency plans for dealing with animal-handling emergencies.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a slaughtering establishment or an environment that accurately represents workplace conditions
- resources:
 - livestock
- specifications:
 - workplace documents such as policies, procedures, processes and forms
 - work instructions and standard operating procedures
- relationships:
 - interactions with work team and stakeholders.

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
