AMPCRP210 Shave carcase

AMPCRP210 Shave carcase

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Application

This unit describes the skills and knowledge required to shave a small stock carcase.

This unit applies to those who work under general supervision in meat processing premises to shave scalded carcasses such as pigs or goats.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety and food safety regulations, legislation and standards that apply to the workplace.

Mandatory workplace requirements apply to the assessment of this unit.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite unit(s)

AMPWHS201 Sharpen and handle knives safely

Competency field(s)

N/A

Unit sector(s)

Carcase Processing (CRP)

Elements and Performance Criteria

Element	Performance criteria
---------	----------------------

Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for work	1.1 Identify work instruction and quality assurance requirements for shaving, and clarify where required 1.2 Identify workplace health and safety requirements for task, including personal protective equipment 1.3 Identify hygiene and sanitation requirements for shaving 1.4 Identify sources of contamination and cross-contamination, and how these are managed 1.5 Prepare knife for shaving 1.6 Monitor carcasses leaving the de-hairing process to ensure de-hairing meets workplace requirements and defects are identified
2. Remove carcase hair	2.1 Shave scalded carcasses following work instructions, workplace health and safety requirements and hygiene and sanitation requirements 2.2 Monitor own work to ensure the effective removal of hair from carcase 2.3 Report issues that cannot be rectified to supervisor

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret key elements of workplace instructions
Oral communication	- Interact with team members and/or supervisor to ensure flow of work is maintained - Ask questions to clarify instructions - Report issues clearly and promptly

Range of conditions

This section specifies different work environments and conditions in which the task may be performed.

This unit must be delivered in one of the following registered meat processing work environments.

Micro meat processing premises	- operating fewer than four days a week with a small throughput for one or more, small or large, species, or - employing fewer than four workers on the processing floor
Larger meat processing premises	- operating more than four days a week with a throughput for one or more, small or large, species, or - employing more than four workers on the processing floor

Assessment Requirements for AMPCRP210 Shave carcase

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has shaved small stock carcasses, following workplace requirements, in a micro or larger meat processing premises.

There must also be evidence that the individual has completed two shifts on the job, fulfilling workplace requirements (these shifts may include normal rotations into and out of the relevant work task).

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a meat processing premises.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- purpose of shaving a carcase
- workplace requirements for hair removal
- workplace health and safety hazards encountered with working around scalding equipment, and with shaving, and how the associated risks are managed
- potential contamination risks associated with shaving, and how these are avoided.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:

- *skills must be demonstrated in a meat processing premises at workplace production speed*
- resources, equipment and materials:
 - *personal protective equipment*
 - *scalded carcasses*
 - *knife for shaving*
- specifications:
 - *task-related documents*
- personnel:
 - *access to team members and supervisor or mentor.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
