Assessment Requirements for AMPG303 Receive and inspect wild game carcasses from the field

Release: 1

Assessment Requirements for AMPG303 Receive and inspect wild game carcasses from the field

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must receive and inspect fresh field shot game carcasses directly from the harvester at a depot or processing plant.

The candidate must:

- demonstrate competent receipt and inspection of carcasses without guidance or supervision
- recognise diseases and abnormal conditions and make dispositions
- inspect carcasses and make accurate dispositions
- identify:
 - faecal material
 - abnormal carcasses
 - enlarged or discoloured kidneys
 - slimy or smelly meat surface
 - emaciated carcasses
 - abnormal animals
 - fly strike
 - mould
 - unacceptable contamination by other foreign matter
 - inadequate dressing
 - evidence of animal welfare issues
- receive and record harvester's paperwork, where applicable
- check tags for compliance
- prepare records of carcase receipt
- communicate issues relevant to work instructions and Standard Operating Procedures (SOPs) with game harvesters and processing companies
- weigh carcasses (where appropriate)
- read and interpret workplace related documentation
- apply numeracy skills to workplace requirements
- share information
- show independence in identifying problems

- collect, analyse and organise information
- take initiative and make decisions within workplace role
- use technology and workplace-related equipment

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- causes of contamination at receipt
- hygiene and workplace health and safety risks associated with carcass receipt
- relevant sections of AS 4464:2007 Australian Standard for Hygienic Production of Wild Game Meat for Human Consumption
- identification and traceability requirements
- eligible carcasses
- tag requirements
- Shire requirements
- areas prohibited to field harvesters
- lighting lux requirements to ensure adequate inspection at night
- workplace health and safety hazards specific to receipt

Assessment Conditions

This competency has to be demonstrated either at field depots or at wild game processing premises receiving wild game animal carcasses straight from the field.

As a minimum the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration (face to face or video)
- workplace referee or third-party (field depot or wild game processing premises) report of performance over time

Assessors must satisfy the current standards for RTOs.
