Assessment Requirements for AMPLDR405

Oversee export requirements

Release: 1

Assessment Requirements for AMPLDR405 Oversee export requirements

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has overseen export requirements for a meat processing premises for a period of at least three months, including:

- accessed and researched legislation on the Electronic Legislation, Manuals and Essential References (ELMER) system and other relevant information systems
- gathered, analysed and presented complex information to staff
- identified orders relevant to specific operational situation
- worked with export controlling authority personnel.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- role and jurisdiction of export controlling authority
- role and function of export controlling authority meat inspection staff
- ante-mortem and post-mortem inspection procedures, relevant to species, for importing countries
- procedures for condemnation in export works
- main regulatory and legislative requirements for exporting product, and their application to meat processing
- quality management systems operating, monitored and audited by export controlling authority in export works.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a meat processing workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - meat export legislation and regulations
 - access to ELMER
- specifications:
 - programs approved by the export controlling authority quality policy, system and procedures
- relationships:
 - interactions with work team and supervisor.

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
