Unit sector(s)

Loadout Product (LOA)

Elements and Performance Criteria

Element	Performance criteria
---------	----------------------

Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for work	1.1 Identify work instructions for bagging carcasses, and clarify where required 1.2 Identify workplace health and safety requirements for task, including personal protective equipment 1.3 Identify safety hazards associated with bagging carcasses and working in chillers, and control associated risks 1.4 Identify potential sources of contamination and cross-contamination
2. Prepare bagging materials	2.1 Check bagging consumables prior to the start of the shift to ensure an adequate supply 2.2 Check brands or stamps 2.3 Check supply of labels
3. Place bags on carcasses	3.1 Stamp and label carcasses following workplace requirements 3.2 Bag carcase following workplace requirements, including hygiene and health and safety requirements 3.3 Move carcasses on rails in chillers, freezers and loadout areas following workplace, hygiene and workplace health and safety requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret key elements of workplace instructions and specifications
Oral communication	- Interact with team members to ensure flow of work is maintained - Ask questions to clarify instructions

Range of conditions

This section specifies different work environments and conditions in which the task may be performed.

This unit must be delivered in one of the following registered meat processing work environments.

Micro meat processing premises	- operating fewer than four days a week with a small throughput for one or more, small or large, species, or - employing fewer than four workers on the processing floor
Larger meat processing premises	- operating more than four days a week with a throughput for one or more, small or large, species, or - employing more than four workers on the processing floor

Assessment Requirements for AMPLOA205 Bag carcase

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has bagged carcasses in a chiller, following workplace requirements, in a micro or larger meat processing premises.

There must also be evidence that the individual has completed two shifts on the job, fulfilling workplace requirements (these shifts may include normal rotations into and out of the relevant work task).

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a meat processing premises.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements for bagging carcasses for different markets and customers
- labelling requirements for different markets and customers
- workplace health and safety hazards encountered with working in chillers, and how the associated risks are managed
- reasons why carcasses are kept separated in chiller
- potential sources of contamination, and control methods to minimise contamination.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in a meat processing premises at workplace production speed*
- resources, equipment and materials:
 - *personal protective equipment*
 - *carcases*
 - *meat stamps, bags and associated consumables*
- specifications:
 - *task-related documents*
- personnel:
 - *access to workplace supervisor or mentor.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
