AMPLSK303 Assess sheep and lambs according to industry standards

Release: 1

AMPLSK303 Assess sheep and lambs according to industry standards

Modification History

Release	Comments
Release 1	This version released with Australian Meat Processing Training Package Version 8.0.

Application

This unit of competency describes the skills and knowledge required to assess and describe sheep and lambs utilising industry standards.

The unit applies to workers in the livestock industry who conduct or utilise assessments of sheep and lambs as part of their duties as market reporters or as livestock vendors or livestock buyers or lairage managers at a meat processing premises. It includes using AUS-MEAT standards and Meat & Livestock Australia (MLA) guidelines and applying them consistently when assessing and describing sheep and lambs.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety and animal welfare regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Mandatory workplace requirements apply to the assessment of this unit.

Pre-requisite Unit

Nil

Unit Sector

Livestock (LSK)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Move in and around	1.1 Identify workplace health and safety risks that exist when working

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
sheep or lamb handling facilities safely	in and around sheep and lambs 1.2 Select, fit and wear appropriate personal protective clothing and equipment 1.3 Move safely around sheep and lambs, using designated walkways and viewing platforms and beside races and pens if available
2. Assess stock	2.1 Identify different breeds of sheep 2.2 Visually assess and describe livestock utilising AUS-MEAT standard descriptions for sex, dentition and age 2.3 Visually assess sheep or lambs in terms of live weight and dressed weight using estimated dressing percentages 2.4 Visually assess sheep for live weight, fat score and frame size utilising AUS-MEAT standards 2.5 Prepare estimates of skin values for a specific lot of sheep or lambs
3. Complete reports	3.1 Prepare a record of livestock assessment 3.2 Describe sheep and lambs according to the MLA stock classifications 3.3 Utilise AUS-MEAT and MLA standards, prefixes and terminology to workplace accuracy requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret operating manuals for livestock and carcase assessment
Writing	- Complete digital and/or paper-based livestock assessment reports - Use electronic media as appropriate to the task
Oral communication	- Interact effectively with saleyard or abattoir personnel - Clarify information when required

Skill	Description
Numeracy	• Estimate weights of sheep (kg) • Estimate dressing percentages (%) • Use standard formulae to determine carcase weight • Identify skin value (inches, cm, mm and kg)

Assessment Requirements for AMPLSK303 Assess sheep and lambs according to industry standards

Modification History

Release	Comments
Release 1	This version released with Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has assessed five pens of sheep and/or lambs on at least two different occasions at a property, an abattoir or saleyard, using AUS-MEAT industry standards and regulations and Meat & Livestock Australia (MLA) guidelines, including:

- worked safely around sheep and lambs
- handled sheep and/or lambs according to animal welfare regulations and requirements
- prepared a livestock assessment report using appropriate industry terms.

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in an operating sheep property, saleyard or abattoir.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- the Australian sheep/lamb industry, including the distribution of sheep throughout Australia, key markets and stakeholders
- purpose of livestock assessment
- purpose of having a standardised livestock assessment language
- sheep/ lamb assessment process
- role of AUS-MEAT and MLA
- MLA guidelines
- AUS-MEAT industry standards and regulations
- AUS-MEAT sales prefixes and breed classifications
- methods of determining age
- sheep/lamb classification or scoring system, including sales prefixes
- sheep/lamb fat and muscle scores

- abnormalities that may affect price and potentially affect carcase value
- workplace health and safety hazards involved in working in and around sheep and lambs and handling facilities
- correct use of personal protective equipment (PPE)
- safe work practices for working in and around sheep and lambs
- definition and importance of animal welfare for sheep and lambs in the supply chain.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in an operating sheep property, saleyard or abattoir*
- resources, equipment and materials:
 - *sheep and/or lambs to be assessed*
 - *PPE*
- specifications:
 - *AUS-MEAT industry standards and regulations*
 - *MLA guidelines*
 - *formats/templates for reporting*
- timeframes:
 - *within typical operating conditions for the workplace.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards. Assessors can utilise e-technology to support assessments.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
