AMPOFF211 Prepare and trim honeycomb

AMPOFF211 Prepare and trim honeycomb

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Application

This unit describes the skills and knowledge required to trim honeycomb tripe and prepare it for further processing.

This unit applies to individuals who work under general supervision in a meat processing premises, where honeycomb is recovered.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety and food safety regulations, legislation and standards that apply to the workplace.

Mandatory workplace requirements apply to the assessment of this unit.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite unit(s)

AMPWHS201 Sharpen and handle knives safely

Competency field(s)

N/A

Unit sector(s)

Offal Processing (OFF)

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for work	1.1 Identify work instruction for preparing and trimming honeycomb 1.2 Identify defects and contamination that can occur when processing honeycomb 1.3 Identify hygiene and sanitation requirements for the tripe room 1.4 Identify workplace health and safety requirements for task, including personal protective equipment
2. Trim honeycomb	2.1 Trim honeycomb following workplace requirements 2.2 Work to avoid contamination and cross-contamination 2.3 Place trimmed honeycomb and trim in appropriate bin or chute for further processing

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret key elements of workplace requirements for task
Oral communication	- Interact with team members and/or supervisor to ensure flow of work is maintained - Ask questions to clarify information

Range of conditions

This section specifies different work environments and conditions in which the task may be performed.

This unit must be delivered in one of the following registered meat processing work environments.

Micro meat processing premises	operating fewer than four days a week with a small throughput for one or more, small or large, species, or
--------------------------------	--

	employing fewer than four workers on the processing floor
Larger meat processing premises	- operating more than four days a week with a throughput for one or more, small or large, species, or - employing more than four workers on the processing floor

Assessment Requirements for AMPOFF211 Prepare and trim honeycomb

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared and trimmed honeycomb, following workplace requirements, in a micro or larger meat processing premises.

There must also be evidence that the individual has completed two shifts on the job, fulfilling workplace requirements (these shifts may include normal rotations into and out of the relevant work task).

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a meat processing premises.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements for preparing and trimming honeycomb
- steps in tripe processing
- impact of inadequately trimmed product being packed
- honeycomb and trim specifications
- possible defects in honeycomb
- sources of contamination and cross-contamination, such as foreign matter or if product is dropped, and how they are controlled
- workplace health and safety, and hygiene and sanitation requirements related to processing honeycomb.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in a meat processing premises at workplace production speed*
- resources, equipment and materials:
 - *personal protective equipment*
 - *honeycomb tripe for processing*
 - *knife and sharpening equipment*
- specifications:
 - *honeycomb specifications*
 - *task-related documents*
- personnel:
 - *access to workplace supervisor or mentor.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
