AMPOPR207 Work from rise and fall platform

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Application

This unit describes the skills and knowledge required to operate a rise and fall platform, a pneumatically or hydraulically operated platform used to raise workers to work at adjustable levels.

The unit applies to individuals who work under general supervision in a meat processing premises.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety regulations, legislation and standards that apply to the workplace.

Mandatory workplace requirements apply to the assessment of this unit.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite unit(s)

Nil.

Competency field(s)

N/A

Unit sector(s)

Operational (OPR)

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare to operate rise and fall platform	1.1 Identify workplace health and safety requirements for task, including personal protective equipment 1.2 Identify safety hazards associated with operating rise and fall platforms, and control associated risks 1.3 Identify work instruction for operating rise and fall platform
2. Raise and lower platform	2.1 Operate rise and fall platform following workplace requirements 2.2 Operate rise and fall platform following workplace health and safety requirements 2.3 Identify and report malfunctions and take corrective action following workplace requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret key elements of workplace instructions
Oral communication	- Interact with team members and/or supervisor to ensure flow of work is maintained - Ask questions to clarify information
Numeracy	Interpret and use symbols on equipment controls

Range of conditions

No conditions apply to this unit of competency at the time of publication.

Assessment Requirements for AMPOPR207 Work from rise and fall platform

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has operated and worked from a rise and fall platform following workplace requirements.

The assessor must observe the individual operating the equipment working on a minimum of four carcasses or for a minimum of 15 minutes.

There must also be evidence that the individual has completed two shifts on the job, fulfilling workplace requirements (these shifts may include normal rotations into and out of the relevant work task).

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a meat processing premises.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- basic operating principles of the rise and fall platform, which may be operated using hand or foot controls
- hazards associated with using a rise and fall platform for the operator and other workers, and how the associated risks are controlled
- workplace health and safety requirements related to the operation of a rise and fall platform.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in a meat processing premises at workplace production speed*
- resources, equipment and materials:
 - *personal protective equipment*
 - *rise and fall platform*
- specifications:
 - *task-related documents*
- personnel:
 - *access to team members and/or workplace supervisor or mentor.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
