1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Application

This unit describes the skills and knowledge required to operate a meat cubing machine.

This unit applies to individuals who work under general supervision to operate a meat cubing machine in meat processing premises.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety and food safety regulations, legislation and standards that apply to the workplace.

Mandatory workplace requirements apply to the assessment of this unit.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite unit(s)

Nil.

Competency field(s)

N/A

Unit sector(s)

Operational (OPR)

Elements and Performance Criteria

Element	Performance criteria
---------	----------------------

Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for work	1.1 Identify work instructions and specifications for operating cubing machine and clarify where required 1.2 Identify workplace health and safety requirements for task, including personal protective equipment 1.3 Identify safety hazards associated with operating cubing machine, and control associated risks 1.4 Identify potential sources of contamination and cross-contamination 1.5 Follow start-up procedures to ensure machinery is in working order
2. Cube meat	2.1 Operate machinery following workplace requirements, workplace health and safety, and hygiene and sanitation requirements 2.2 Monitor process to ensure product meets specifications 2.3 Identify and report sources of contamination and cross-contamination following workplace requirements 2.4 Minimise contamination and cross-contamination 2.5 Store and/or dispatch cubed meat from the work area
3. Clean equipment	3.1 Clean cubing machine to meet workplace standards, and sanitise where required 3.2 Report any outstanding maintenance issues to supervisor

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret key elements of workplace instructions and specifications
Oral communication	- Interact with team members to ensure flow of work is maintained - Ask questions to clarify instructions - Report issues clearly and promptly

Range of conditions

No conditions apply to this unit of competency at the time of publication.

Assessment Requirements for AMPOPR214 Operate cubing machine

Modification History

Release	Comments
2	This version was released in AMP Australian Meat Processing Training Package Release 9.2. Updated to show Mandatory workplace requirements in <i>italic</i> text.
1	This unit of competency was first released in AMP Australian Meat Processing Training Package Release 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has operated a cubing machine, including start-up checks, handling and storing of cubed product, following workplace requirements.

The assessor must observe the individual performing the task for a minimum of 10 minutes.

There must also be evidence that the individual has completed two shifts on the job, fulfilling workplace requirements (these shifts may include normal rotations into and out of the relevant work task).

Mandatory workplace requirements

All performance evidence specified above must be demonstrated in a meat processing premises.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements for operating cubing machine
- workplace requirements for cleaning and maintenance
- basic operation of cubing machine
- workplace health and safety hazards encountered with working with cubing machine, and how the associated risks are managed
- potential contamination risks and how these are avoided.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - *skills must be demonstrated in a meat processing premises at workplace production speed*
- resources, equipment and materials:
 - *personal protective equipment*
 - *cubing machine*
 - *meat for cubing*
- specifications:
 - *task-related documents*
- personnel:
 - *access to team members and supervisor or mentor.*

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Mandatory workplace requirements

Mandatory workplace requirements are shown in *italic* text. Refer to the Companion Volume Implementation Guide for further information.
