Assessment Requirements for AMPOPR301 Follow and implement an established work plan

Release: 1

Assessment Requirements for AMPOPR301 Follow and implement an established work plan

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has followed and implemented an established daily work plan for at least one individual (which may be for self) and at least one team, including:

- effectively and efficiently utilised resources and time
- applied problem-solving skills and addressed routine issues
- sought assistance from relevant personnel when difficulties arise
- recognised potential disruptions or changed circumstances and modified work plans in conjunction with relevant personnel.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace quality, operational and safety procedures
- regulatory requirements and customer specifications
- importance of keeping workplace records
- routine work planning processes
- effective communication methods
- potential safety implications of modifying the work plan
- job outcomes, standards and priorities
- equipment and processes used in the workplace
- safety hazards associated with the process, and methods to control associated risks
- food safety requirements of work tasks
- recording requirements for product traceability and biosecurity.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a meat processing workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - reporting and monitoring systems
- specifications:
 - work instructions
 - workplace procedures, including advice on safe work practices, meat safety, quality and environmental requirements
- relationships:
 - interactions with work team and supervisor.

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
