Assessment Requirements for AMPPKG302 Supervise meat packing operation

Release: 1

Assessment Requirements for AMPPKG302 Supervise meat packing operation

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has supervised packing of meat on at least one occasion, including:

- overseen packing process to ensure it runs smoothly
- overseen hygiene and quality requirements during production and ensured compliance with workplace requirements
- provided support to team members, including advice, guidance, feedback and additional assistance where required
- ensured packaged product meets customer and workplace specifications.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- labelling systems used in the workplace
- relevant workplace health and safety, including correct use of personal protective equipment (PPE) and regulatory requirements for packaged meat, including requirements for export markets as required
- the nature and sources of microbiological, physical and chemical contamination
- hygiene and sanitation requirements of the packaging process
- team member roles and responsibilities
- workplace requirements for handling defective packaging, contamination of product, and out-of-specification product.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a meat packing room, or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - meat to be packed
 - packing equipment and consumables
 - PPE
- specifications:
 - workplace standard operating procedures and task-related documents
- timeframes:
 - within typical operating and production conditions for the workplace.

Assessment for this unit must include at least three forms of evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
