AMPR312 Bone game meat

Release: 1

AMPR312 Bone game meat

Modification History

Release	TP Version	Comment
1	AMPv1.0	Initial release

Application

This unit describes the skills and knowledge required to bone game meat.

This unit is applicable to workers in boning room and meat retail operations.

All training must be conducted in accordance with Australian meat industry standards and regulations.

All work should be carried out to comply with workplace requirements and hygiene standards.

This unit applies to individuals who work under broad direction and take responsibility for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

AMPX209 Sharpen knives

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Bone game meat	1.1 Bone game meat to customer specifications and workplace requirements 1.2 Task is performed to workplace health and safety, hygiene and Quality Assurance (QA) requirements
2. Handle knife effectively	2.1 Handle knife safely, hygienically and effectively

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Assessment Requirements for AMPR312 Bone game meat

Modification History

Release	TP Version	Comment
1	AMPv1.0	Initial release

Performance Evidence

Evidence must demonstrate the candidate's consistency of performance over time at production speed.

The candidate must:

- identify the main parts of the carcase
- demonstrate equipment used to bone carcase
- apply relevant regulatory requirements
- use communication skills appropriate to the task

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- different methods of boning
- equipment used to bone carcase
- relevant regulatory requirements
- main parts of the carcase

Assessment Conditions

Competency must be demonstrated over time and under typical operating conditions for the enterprise.

Assessment must occur in the workplace under normal production conditions or in a simulated environment.

The following three forms of assessment must be used:

- quiz of underpinning knowledge
- demonstration in the workplace or simulated environment
- workplace referee or third-party report of performance over time

Assessors must satisfy current standards for RTOs.
